Education

Indian Institute of Information Technology Kottayam

November 2022 – May 2026

Bachelor of Technology in Computer Science and Engineering

Experience

Infosys Solutions

MAY 2024-JULY 2024

Project Coordinator Intern

Kurnool

- Acted as liaison between product, engineering, and clients to ensure delivery and alignment with business goals.
- Conducted UAT, KPI tracking (activation, churn, engagement), and user data analysis improving satisfaction by 15%.
- Collaborated in Agile sprints and proposed UX enhancements adopted in production to optimize user experience.

SIRI GROUP

Dec 2024-Jan 2025

SDE INTERN

Bangalore

- Performed exploratory QA testing (Selenium) achieving 90%+ coverage and reducing manual QA time by 50%.
- Designed responsive UI components and optimized MongoDB queries, reducing latency by 60%.
- Supported Agile sprint reviews and UAT cycles by identifying usability gaps and documenting improvements.

Projects

Next-Gen Governance- AI Complaint Management System | LLM, React, CSS, Python, JS

Github

- Built an LLM-powered complaint resolver using fine-tuned BERT and LLaMA models achieving 95%+ accuracy.
- Deployed GPU-accelerated backend (Python, CUDA) with React-based UI for real-time classification and dashboards.
- Designed issue metrics (TAT, resolution rate) improving feedback loops for civic authorities.

Multi Lingual Audio Translation using LLMs | Streamlit, Data Pre-Processing, Python, NLP

Github

- Built and deployed a real-time multilingual audio translation system using LLaMA 3.1, supporting 15+ languages and dialects with BLEU score of 82.63 and COMET 0.81.
- Integrated NLP pipelines for speech recognition, sentiment detection, and text generation to enable accurate cross-lingual communication.
- Deployed the system using Streamlit for a real-time interactive demo, enabling users to translate speech in under 1.5 seconds average latency.
- Fine-tuned large language models on diverse corpora, enhancing multilingual performance and domain adaptation.

Campus-Concern | React, Node.js, Express.js, MongoDB, Vite, Axios

Github

- Developed a scalable full-stack complaint management system with role-based workflows (Admin, Technician, Verifier, User), enabling secure complaint registration, tracking, and resolution across the platform.
- Implemented secure authentication, optimized MongoDB-backed APIs, and a responsive React + Vite frontend, reducing response latency by 30% and delivering a fast, device-friendly user experience.

Splitr -Expense Splitting & Settlement Platform | React, Next.js,Convex, Clerk,CSS

Github

- Developed a full-stack expense sharing application enabling group creation, expense tracking, balance calculation, and settlements, with secure authentication (Clerk) and API-driven data operations using Convex queries and mutations.
- Designed and consumed scalable backend APIs for expenses, groups, users, and settlements, integrated event-driven workflows (Inngest), and built a responsive Next.js frontend ensuring data consistency and role-based access.

Technical Skills

Programming: Python, C++,Java,JavaScript, SQL

Product Testing & QA: Selenium, Usability Testing

Product Analytics: A/B Testing, User Journeys, Funnel Analysis, NPS, CSAT, Retention, Churn

Data Analysis: SQL, Excel, Google Sheets, Pandas, Matplotlib

Project & Tools: JIRA, Trello, Notion, Postman, Agile, Confluence

Professional: SDLC,Agile Methodologies,Client Communication, Product Validation, Cross-Functional Collaboration, Requirement Gathering,AWS,GCP, Feedback Analysis, Stakeholder Management

ACHIEVEMENTS

- Led a team to qualify for the Smart India Hackathon (SIH) at the college level, showcasing leadership, teamwork, and problem-solving skills.
- Delivered 4 plus full-stack AI/ML projects independently, showcasing innovation, end-to-end ownership, and scalable architecture.
- Professional Certificate in Data Science And Machine Learning (Link)
- Solved over 350 plus coding questions across various platforms, strengthening programming proficiency, analytical thinking, time management, and communication skills.
